66350 France

Education

Engineering school

CESI TOULOUSE FRANCE
2021 - 2026

major in electronics and
embedded systems

High school

Notre-Dame de Bon Secours
PERPIGNAN FRANCE
2018 - 2021

bachelor's degree in mathematics
and chemical physics

Language

French : Native

English : Proficient - B1 - TOEIC 700

Diploma

Federal Tennis Initiator **Diploma**

Aeronautics initiation certificate

Bachelor's degree in mathematics
and chemical physics

Hobbies

Tennis, Hiking, Vidéo, Traveling
Physical exercise, Rugby, Football,
Gym, Reading, Art, Music, Swimming

THÉO RODRIGUES

Two years Engineer in electronics
and embedded systems

Application for an international engineering internship
Available for four months from May 26, 2025

Experience

APPRENTICE TESTS MEANS ENGINEER

AIRBUS AIRCRAFT - TOULOUSE

2023 - 2026

- Researching solutions to save electricity at the test bench level by implementing connected PDUs.
- Creating test reports and test procedures for communication protocol testing on avionics test benches.
- Developing a Python-based GUI to convert CSV and XML files for improved usability and easier data access.

INTERNSHIP EMBEDDED SOFTWARE ENGINEER

LID TECHNOLOGIES - TOULOUSE

April - july 2023

- Conducting software validation for a universal pressure sensor to ensure reliability and performance.
- Crafting detailed test plans and comprehensive test reports.
- Developing a robust application tailored for TPMS sensor functionality.
- Analyzing LF and RF frequencies to optimize sensor data transmission and reception.

Skills

Computer Science :

- Proficient in computer skills, including SQL, Arduino, Python, and Linux, with a strong foundation in embedded systems.
- Experienced with a range of electronics and engineering software, such as Logisim, Scilab, LTspice, Revit, Fusion 360, and KiCad.

Electronic:

- Knowledge in component dimensioning, CAD modeling, PCB design, and electronic system development, enhancement, and maintenance.
- Skilled in coding with C++, C, and Python, along with Linux-based programming.
- Proficient in signal amplification, modulation, and the application of filters for optimized system performance.
